Bullying is...

Bullying is when a group of people or an individual pick on someone repeatedly. Bullying comes in many forms, the main types are;

- Physical Attack: Unwanted physical contact, kicking, punching, pinching, pushing, hitting etc.
- Words: Teasing and name calling, making fun of physical differences e.g. Fat/thin, tall/short etc.
- Rumours: Interfering with friendships, isolation of individuals, spreading nasty rumours
- Threatening: Taking money, items, or threaten physical attack
Annoying: continually annoying and causing discomfort and frustration
- Racist: Being unkind about race, colour or religion
- Emotional: When the bully stops you from seeing your friends and joining in with activities of which you would like to take part in.

Bullying is not when someone doesn't want to play with you or wants to play a different game.

It also isn't if you fall out with your friend.

What to do if you are being bullied:

1. Firstly you need to tell an adult you trust. Telling someone will help make it better.
2. Don't bully back! Get help.
3. If it doesn't stop, tell another adult that you trust.
4. Try to stay with a group of friends or people you know.

This will help!
